Ministry of Defence of Ukraine
State Emergency Service of Ukraine
Ministry of Temporary Occupied Territories and IDPs

International Partners

GICHDP

DCAF

osce
Mine action policy building

- Development of legal framework – Law on Mine Action In Ukraine, January 25, 2019
- Development of national mine action standards (NMAS), April 1, 2019
- Involving local mine affected communities in mine action policy making and promoting the dialogue
- Learning humanitarian demining experiences of other countries
MA Institutional Architecture

Verkhovna Rada

Cabinet of Ministers

National Mine Action Authority

Mine Action Centre

Accreditation and Monitoring Committee

QC Inspectorate

Ministries and other central government authorities

International operators

Demining companies
Information Management for Mine Action (IMSMA)

- 88 IMSMA operators trained by the end of 2018
- Demining actors are equipped with necessary IT and GPS equipment
- IMASMA data base configuration is agreed with key actors
- Uniformity of information flow and compatibility of data
Demining training centers' capacity building

- PCU reviews training curriculum
- With international partners PCU improves training programs
- Introduces new training methodologies
- Demining equipment needs assessment conducted
Equipment

- Protection equipment
- Vehicles
- Detection equipment
- Trauma-bags
- Communication equipment
- IT equipment
- Presentation equipment
- Office equipment and furniture
- MRE sets and materials
- Diving equipment
Mine risk education

• ToT program for MRE

• MRE printing materials

• 3D mock ups

• Presentation equipment form MRE mobile teams

• IMSMA for MinTOT
Partnership network

• MoU with the GICHD and DCAF

• Co-chairing mine action sub-cluster meetings

• Regular meetings with international operators and international organizations

• Regional cooperation with OSCE POiD Tajikistan

• Cooperation within EECCA program
Thank you
Hvala
